

# Atlantean Products

Atlantean Products manufactures Prosumer products. These products are designed for the professional and also available to the consumer. Only high quality ingredients are blended to produce these products. Our Body Creams and Massage Lotions are free from any added manmade chemicals.

The body creams and massage lotion are free of any added water or water based ingredients. Less product is needed. A little goes a long way. Absorption is quicker after washing and drying off. These products can be applied anywhere on the body.

When doing a massage, the Body Cream or Lotion can be applied to the body first. This will coat and satisfy the skin's desire for moisture. Massage oil can be used on top of the cream or lotion. Much less oil is required for the massage. The sheets and clients are left with less surface oils on them. The client's skin will be just as well if not better moisturized. Several Registered Massage Therapists use the Massage Lotion.

## Body Creams

There are three bases for the body creams: olive oil, castor oil, and avocado. The olive oil in this cream comes from Acropolis Organics. Acropolis Organics has seven organic certifications, and won the 2005 Best Tasting Olive Oil in The World. Essential oils are added to this base cream for the different blends.

### Olive Oil Creams

**Lavender** – Relaxing – Long known for its use in relief from burns. Can be used before and during exposure to the sun or outdoor elements.

**Lavender – Peppermint** – This blend can be used after-sun or exposure to the outdoor elements; with lavender's calming and a little peppermint for the cooling effect.

**Lavender – Rosa** – one of the most popular blends. A blended scent of lavender's light floral scent and Palmarosa's light rose scent, appeals to many.

**Lavender – Peppermint – Cayenne** –For burns or large scabbing areas in their latter stage of healing. Use when the area becomes itchy and sore. Can be used several times a day.

**Happiness** – A blend of Rose, Bergamot, Mandarin, Ylang Ylang, Lemon, Geranium, Jasmine, Palma Rosa, Roman Chamomile, and Palmarosa essential oils. For those who like a rose scent. This blended scent is very floral and uplifting as a fresh bouquet of flowers would be in the kitchen.

**Soothing** – A blend of Lemongrass, Peppermint, Cypress, and Wintergreen. Makes a great foot-hand balm. Can be used on the whole body.

**Gold Series** – A blend of Basil, Marjoram, Cypress, Peppermint, Oregano, Thyme, Wintergreen, Spruce, Palmarosa, Blue Tansy, Frankincense and Lavender. This cream is often used on the spine. It contains the oils from the plants that the Lakota Natives used with their people.

### Castor Oil Cream

**Geranium** – This body cream is highly moisturizing and may take several hours to soak into the skin.

#### Uses for Castor Cream:

- ✧ It gives some lubrication; however, it has some gripping action.
- ✧ Lymphatic drainage massage.
- ✧ For a massage where some gripping action may be required.
- ✧ Sexual lubricant.
- ✧ For very dry skin put on the area just before bed. It will be absorbed into the skin by morning.

## Avocado Cream

**Lavender – Peppermint** – Our newest cream. Avocado is rich full bodied. Use anytime. May be effective as an after sun as the olive oil cream with the Lavender- Peppermint.
